Mission Statement

As servants of the public, our purpose is to protect the public health, safety and welfare...

Our mission is to proactively protect the health and welfare of Ohio's citizens and to regulate the chiropractic profession with vision by setting high standards for licensure and by fairly and consistently enforcing those standards through examination of new doctors, annual license renewal, clinic inspections, and timely investigation and disciplinary action when indicated.

Introduction

The Ohio State Chiropractic Board is a state government agency that was established by the legislature in 1975 to regulate the practice of chiropractic to protect the health, safety and welfare of the public. The Board is responsible for examining and licensing chiropractic physicians and enforcing the provisions of Ohio Revised Code Chapter 4734 and the Ohio Administrative Code adopted by the Board.

The Board is entirely self-sustaining through revenue generated from fees collected for license applications, license renewals, fines, and miscellaneous services. Board members are compensated hourly for time devoted to the Board's affairs, and are reimbursed for expenses incurred in the execution of their official duties. The Board reimburses certain state agencies for services rendered.

The Ohio Attorney General is the statutory legal counsel to the Board. An Assistant Attorney General from the Health and Human Services Section represents the Board in administrative hearings and court proceedings.

Board Staff

The Board employs seven full time employees to carry out its responsibilities. The regular working hours of the Board are Monday through Friday, 8:00 a.m. to 4:30 p.m. excluding state holidays.

Kelly A. Caudill, Executive Director

Ms. Caudill serves as the chief enforcement officer for the Board, enforcing the laws and rules governing the practice of chiropractic in Ohio. Ms. Caudill also oversees all activities and programs of the board office, carries out the Board Members' directives, and oversees all legal and legislative activities.

Shelly Giannini, Administrative Assistant

Shelly functions as the Board's office manager and is responsible for the administration of clerical support, personnel, training, telecommunications, fiscal, travel, payroll and employee benefits issues. Shelly also serves as liaison to the Board members for their administrative support needs.

Elizabeth N. Moore, Licensing Coordinator

Liz handles initial licensing applications, Board examinations and annual license renewal. Liz also coordinates continuing education seminar requests, maintains the continuing education roster and the Board's website.

Marisa Hateley¹, Investigative Analyst

Marisa gathers preliminary case information and researches data to support the legal and enforcement staff. Marisa provides administrative support to the enforcement division and processes public records requests.

Thomas J. Hollis, Investigator

Lawrence E. Phillips, Investigator

Rex J. Waldenmyer, Investigator

Rex, T.J. and Larry conduct investigations relative to complaints involving the practice of chiropractic. These investigations may be highly specialized, complex and long-term. Investigations of persons rendering chiropractic services are conducted to determine the facts in each case, ascertain the exact basis of the complaint, and confirm allegations for administrative, civil, and criminal actions.

¹ Ms. Hateley left employment with the Board effective February 2, 2004.

Chiropractic Board Members & Terms of Office

The Board is composed of five members, four chiropractic physicians and one public member. The Governor, with the advice and consent of the Senate, appoints members to four-year terms. Members are eligible to be re-appointed once. Board members are compensated hourly for actual time devoted to the Board's affairs, and are reimbursed for expenses incurred in the performance of their official duties. During FY 2004 the Board staff processed **87** licensure certifications and **44** requests for licensee rosters. There were **73** public record requests for information relating to a specific chiropractic physician.
