ABOUT THE BOARD

About the Board

MISSION OF THE BOARD

The Board's purpose is to protect public health, safety and welfare. Our mission is to proactively protect the health and welfare of Ohio's citizens and to regulate the chiropractic profession with vision by setting high standards for licensure and by fairly and consistently enforcing those standards through examination of new doctors, biennial license renewal, clinic inspections, and timely investigation and disciplinary action when indicated.

HISTORY OF THE BOARD

Prior to 1975 the State Medical Board of Ohio regulated chiropractors as limited medical practitioners. The State Board of Chiropractic Examiners was created by the legislature with the enactment of Amended Senate Bill 75 effective on November 3, 1975. This legislation enacted Sections 4734.01 to 4734.19 of the Ohio Revised Code and established a five member Chiropractic Examining Board.

The Board's law was updated and modernized and the Board was renamed the Ohio State Chiropractic Board on April 10, 2001 with the enactment of Sub. House Bill 506.

On August 22, 2007, Sub. Senate Bill 33 became law to authorize the Board to issue certificates to practice acupuncture to qualified chiropractic physicians.

DUTIES OF THE BOARD

The Board fulfills numerous duties to make certain that the citizens of the state of Ohio are afforded care from competent and qualified chiropractic physicians. Those duties include licensing chiropractic physicians, issuing acupuncture certificates, biennial chiropractic and acupuncture license renewal, approving continuing education, issuing temporary licenses, investigating complaints, compliance initiatives and discipline and monitoring. The Board also performs numerous other activities and services such as developing and maintaining a jurisprudence exam, license verification, clarifying and interpreting its laws and rules, administrative rules filings and development, filling public records requests, legislative activities, and administrative functions such as fiscal, human resources, payroll processing, records retention, inventory management and website management.
